MOVING TO THE NEW HOMELESS RESOURCE CENTERS

You may be connected to long-term housing before it's time to move to the new centers. Talk with a housing specialist to see if you can be connected to housing.

Tours will be available at the homeless resource centers before people begin moving into them.

Current residents at The Road Home downtown shelter will be asked to participate in an assessment to help determine which homeless resource center they will move into. If you are not currently staying in the shelter, but are interested in staying at the new resource center, please talk to staff at the Weigand Center or the Community Connection Center.

There are no pre-qualifications to stay at a homeless resource center. Anyone who follows the rules is welcome.
